

Steeping Beauty

As if we didn't have enough reasons to enjoy a healthy cup of tea, the creators of Tea Forté have now made the experience even better. Guests at both **The Spa at Wynn Las Vegas** and **Sanctuary Spa** (Paradise Valley, AZ) are indulging their palates with Tea Forté's premium teas. Whole tea leaves and rough-cut herbs are encased in a silk pyramid-shaped infuser, allowing each blend to steep freely and release its full flavor. Flavors range from the traditional, such as Earl Grey and English Breakfast, to the more exotic, such as Chamomile Tisane and the signature Forte, a Ceylon/jasmine blend. Interested in refreshing your spa's retail offerings? Tea Forté's elegant packaging will satiate your desire. (978) 369-7777; www.teaforte.com.—C.D.
